

Ladies Range Day  
Created: 11/10/2020

Gallon Milk Jugs:

Post in news letter each month from January to April, 1<sup>st</sup> week, that we need gallon milk jugs, rinsed out, with caps - tied to the railing of the Rifle Shack.

Mention that the Ice Tea jugs with the sticker on the front that looks like a bullseye target are desired also!

During April fill all the jugs with water and place to the right of the Rifle Range.

After Ladies Range Day any jugs unused stay to the right of the Rifle Range for the summer shoots to use.

Keep track of hours spent and submit for credit.
